

ECOWAS Economic Outlook 2026

This report provides a comprehensive overview of economic trends across ECOWAS countries. It analyzes GDP growth, fiscal balances, inflation trends, and regional trade dynamics. Key highlights include: - Strong recovery in post-pandemic growth across major economies. - Increased regional trade under the AfCFTA framework. - Persistent challenges in inflation and public debt sustainability. - Opportunities in digital transformation and infrastructure investment. The report aims to support policymakers, researchers, and development practitioners in making informed, data-driven decisions to foster sustainable economic growth and regional integration in West Africa.
